Carl,

This is the Harvey FEMA Funding (from the Region 6 Budget Office) as of December 4, 2017. As vouchers continue to come in this number may change. If we need a more current number we can obtain it after the holidays.

Using the Agency's Compass Data Warehouse (CDW) reporting system, Hurricane Harvey expenditures total \$6,551,729.31 as of December 4, 2017. This reflects current FEMA Mission Assignment (MA) charges of \$6,534,383.13 and USCG Pollution Removal Funding Authorization (PRFA) charges of \$17,346.18 billed and paid through this date. Region 6 continues to validate all transactions associated with EPA's response to Hurricane Harvey.

I leave it to you to share as needed.
